

# Be a hero. HP Solar Finance for you!

Because we are partnered with a Capita's Finance, who can offer a no CapEx outlay, your finance spread over a number of years and in the end, you own it! The smart thing to do is allow us to help you sort it.

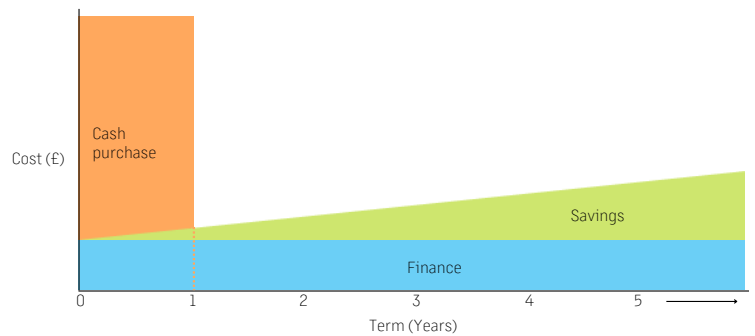

- Enjoy Tax relief on renewables, such as the governments "Super Deduction" relief scheme (subject to review, April 2023), which can sometimes be up to 80% of year one finance payments.
- Retain and extend existing credit lines and banking facilities

Financing energy solutions turns large, up-front costs into affordable payments, matching cost outlays with projected savings.

## What are the benefits?

Improve cashflow & working capital - payments are aligned with anticipated savings/revenues generated by the low-carbon technology –enjoy savings from Day One.

- Expedite your Net Zero goals – make your budgets go further to maximise carbon savings
- Direct capital into key investment areas whilst still achieving significant operational resilience and cost reduction benefits
- Flexibility of ownership or upgrades as technology develops

## Our Solutions

	Definition	Applicable for	Maintenance and Monitoring	Balance Sheet Treatment	Best Option for
Hire Purchase	Traditional financing arrangement whereby the Customer pays for the technology in installments and takes eventual ownership of the equipment at the end of an agreed fixed term.	Energy Efficiency / Generation Projects of all sizes, <b>private sector business</b> .	Finance payments are collected by the Funding Bank. Any Maintenance or Monitoring contracts are handled separately.	On balance sheet.	Customers who want to obtain ownership of the equipment at the end of the finance term and enjoy potential tax benefits such as 'Super Deduction'*.
